What We Did
Why It Matters
April 28, 2016

SANITATION AND INNOVATION
What We Mean By Innovation

Thought Leadership

Product / Service

Approach
What To Do With Infant Poo
Sanitation Marketing in Ethiopia
Inclusive Sanitation in Kenya
Latrine Designs in Mali, Kenya & Uganda
Sand Envelopment to Filter Leaky Latrines
Fecal Sludge Management in Madagascar
Peri-Urban CLTS in Benin
Hygiene Innovation

THOUGHT LEADERSHIP
- Advocated for hygiene in SDGs
- Handwashing as a habit

PRODUCT
- Introducing Happy Tap to Bangladesh

APPROACHES
- Adapted economic analysis to handwashing
- Applied WIF to MHM | food hygiene | clean cooking
SDG 6.2: By 2030, achieve access to adequate and equitable sanitation and hygiene for all and end open defecation, paying special attention to the needs of women and girls and those in vulnerable situation.
Economic Analysis Tool
Better Handwashing Facilities
The Science of Habit
Five keys to safer food

Keep clean
- Keep your hands clean especially before and after preparing food
- Always wash raw food before cooking
- Sanitize hands after handling raw food
- Sanitize food preparation areas
- Sanitize eating utensils

Separate raw and cooked
- Separate raw meat, poultry, and seafood from cooked foods
- Keep prep areas separate for raw and cooked foods
- Sanitize cutting boards between use
- Store certain foods in separate containers

Cook thoroughly
- Cook meat, poultry, eggs, and seafood to their safe minimum internal temperature
- Sanitize utensils and serving utensils
- Use appropriate cooking temperatures
- Sanitize cooking utensils

Knowledge = Prevention

Keep food at safe temperatures
- Store perishable food in the refrigerator
- Use food storage containers

Use safe water and raw materials
- Use safe water in preparing food
- Use safe raw meat
- Use safe raw eggs

Small Doable Actions for Food Hygiene
Clean Cooking Innovation

**Approach**

Consumer preference for cookstoves

Applied WIF to clean cooking
Consumer Preference Approach to Clean Cooking
IMPROVING NUTRITION OUTCOMES WITH BETTER WATER, SANITATION AND HYGIENE:

PRACTICAL SOLUTIONS FOR POLICIES AND PROGRAMMES

Integrating WASH and Nutrition
Integrating WASH and NTDs
Comprehensive MHM in Zambia Schools
Types of Innovation

- Thought Leadership
- Product / Service
- Approach
INNOVATION
NEXT GEN

What Next?
What Next?
What Next?
Mapping Innovations

• Discuss with your table
  – 2010 to now: innovations that worked & changed the sector
  – Next Gen: innovations that we need to work on in the next 5 years
• Record innovations on color post-its
• Select one to share in plenary
